Furnish Reports to DPS (OC 1956.036)

If you have not done so already, you are hereby directed to immediately remedy the aforementioned violation(s). Agents may conduct a follow-up inspection in the future to ensure your compliance with applicable statutes and rules. Should the Department discover that you have not remedied the aforementioned violation(s), or the Department later discovers any additional violation(s) that occur within two years of the final order on the aforementioned violation(s), the Department may suspend or revoke your certificate of registration. 37 Tex. Re: We Recycle Texas; Certificate ID Number: 101998

Dear William Easley:

On November 3, 2014, a Notice of Reprimand was sent to you by the Texas Department of Public Safety (DPS) in reference to the inspection of your metals recycling entity by DPS agents on July 3, 2014. On November 26, 2014 a second Notice of Reprimand was sent to you in reference to the inspection of your metals recycling entity by DPS agents on September 11, 2014. Both inspection reports indicate that your metals recycling entity was found to be operating in violation of the Texas Occupations Code (OCC) §1956. On December 30, 2014, you were sent a Final Order of Reprimand pertaining to the above indicated Notice of Reprimand(s) for We Recycle Texas, Certificate ID Number 101998.

As of January 13, 2015, DPS determined that We Recycle Texas is operating as a metals recycling entity and not reporting business transactions to DPS. This is a third violation of the OCC §1956 within two years.

The Texas Administrative Code, Chapter 36, Rule 36.11 authorizes DPS to suspend the registration of a metals recycling entity after a second violation occurring within two years of an earlier violation for which a final order has been issued. The certificate of registration of a metals recycling entity may be suspended for a period not to exceed three months.

This letter serves as a notice of suspension of your certificate of registration for a period of thirty (30) days under the OCC §1956.151. The suspension of a certificate of registration is a temporary cessation of the authority to act as a metal recycling entity under the OCC §1956 and Texas Administrative Code (TAC), Title 37, §36.1(m).

To appeal this notice of suspension, you may request an informal hearing under the OCC §1956.153 and the TAC, Title 37, §36.17(a). The request for informal hearing must be submitted by mail, facsimile, or email to the Department within twenty (20) days of receiving this notice of suspension according to TAC, Title 37, §36.17(b). Failure to timely appeal this notice of suspension will result in the issuance of a final order of suspension according to TAC, Title 37, §36.11(e) and the temporary cessation of the authority to act as a metal recycling entity.

Should you have any questions concerning this notice of suspension, you may contact us by telephone at (512) 424-7293, option 5, by correspondence to the above address, or by email by visiting our website at <http://www.dps.texas.gov/rsd/metalsregistration>, selecting the "Contact Us" link, then selecting "Metals" under the "Select Program" drop-down box.

Re: We Recycle Texas; Certificate Number: 101998

Dear William Easley:

On March 25, 2016, you were sent a notice of suspension in reference to an inspection conducted on February 19, 2016, by the Texas Department of Public Safety. The Department did not receive a request for an informal hearing from you within twenty (20) calendar days after receipt of the notice of suspension. By not submitting a timely request, your right to an informal hearing before the Department and an administrative hearing before the State Office of Administrative Hearings is waived according to the Texas Administrative Code (TAC), Title 37, §36.56(b). The proposed suspension has therefore become final.

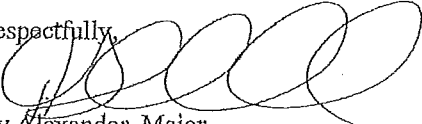

The Department finds that you have committed the following violation:

Record of Purchase (OC 1956.033)
Photograph/Recording Required for Regulated Metal (OC 1956.0331)
Preservation of Records (OC 1956.034)
Furnish Report to DPS (OC 1956.036)

Suspension is the appropriate disciplinary action for a violation that has occurred within two years of an earlier violation for which a person was previously reprimanded or suspended according to Texas Administrative Code, Title 37, §36.52(d). In accordance with the Texas Administrative Code, Title 37, §36.52(e), this letter serves as a final order of suspension of your certificate of registration for a period of sixty (60) days beginning April 29, 2016. The suspension of a certificate of registration is a temporary cessation of the authority to act as a metal recycling entity under the Texas Administrative Code, Title 37, §36.1(17). Therefore, you must cease all regulated business beginning April 29, 2016 and may resume on June 28, 2016.

Should you have any questions concerning this final order of reprimand, you may contact us by telephone at (512) 424-7293, option 5, by correspondence to the above address, or by email at RSDMetals@dps.texas.gov.
