

BUILDING FOR THE FUTURE

Women's & Children's Hospital

Growing to meet the needs of South Texas

Expected to open in late 2022, our new Women's & Children's hospital will serve the unique health needs of women, babies and children.

The project features:

- Twelve-story tower
- Two new emergency departments - one for OB/GYN and one for children
- State-of-the-art technology
- Funded with no tax rate increase

**University
Health System**

Thinking beyond

A PLACE FOR COMPASSIONATE, QUALITY CARE

Budget: \$500,000

Private patient rooms: 268

Planned completion: Late 2022

Special amenities for moms and babies:

- Dedicated OB/GYN Emergency Department
- Large, private labor and delivery suites
- San Antonio's only level IV maternity center
- Level IV NICU
- Spacious, private inpatient rooms
- Plenty of space for a family member to stay in the room overnight
- Mom's sleeping suite for mothers who return to the NICU to breastfeed babies

Big plans for our tiniest patients:

Our new NICU will include:

- Single-family rooms arranged in pods to optimize quality, comfort and efficiency
- Space for families to be with their babies in a warm, welcoming environment that promotes healing and bonding
- Advanced treatments and diagnostic tools
- Family centers with lounge and educational resources

For sick and injured children

- Dedicated Children's Emergency Department
- Oversized kid-friendly private rooms
- Pediatric rehab gyms
- Family resource centers
- ChildLife Center with a movie lounge, game room and indoor play areas
